

If you are looking into getting a new addition to your family there is no other place than Nytestok. Amy is wonderful and helpfull throughout the process. We got our little firecracker Skyler last year and she is Perfect. She came home being a beautiful, healthy puppy all thanks to Nytestok. They care and love those puppies that eventually goes to our homes. I love getting updates and pictures so we can have a bond even before our furry babies gets to come home. Amy took time to answer our questions and her guidance was very appreciated. So when we decided to adopt another puppy, there is no other place than Nytestok. I am proud to be part of the Nytestok family. This breeder is exceptionnal. Thank you for all you do Amy.

From the Betts Family +
Skyler and Willow.
