Dear Amy,

Just writing this note as I look at my sweet Sadie. The wonderful Boston Terrier we got from you nearly five years ago. I wanted to take the time to let you know how much I appreciate the care and love you put into your work and breeding program. It is, I'd imagine tiring but very rewarding work.

My Sadie is an elegant dog, bright as a button and so very smart. She exemplifies all of the physical attributes of a Boston and I am so proud to show her off to neighbors or just people passing by. She is friendly and obedient and has had no health issues thus far. We absolutely adore her.

When I first became aware of your breeding program, I was impressed by your credentials and my respect for you has only grown over the years as I've been following your facebook site. The puppies are always carefully handled and your facility is so clean and well kept.

I have seen the difficulties that can be caused by the poorly informed causing grief with their unkind comments. They really do upset me and so I can only imagine what they do to you. Over the years, as you know, I've been back and forth thinking about getting another dog. The timing however has just not been quite right. The patience you've shown and the personalized care you always take in helping me make decisions indicates to me so clearly that this is a labour of love for you. I want you to know how much I appreciate you and hope that you will remember that the families you've worked with over the years, like mine, have great things to say about your efforts.

With sincere appreciation,

Jill Backman, Mark, Sadie & Spencer Murphy.
