

Dear Reader/Amy Jan 28th 2023.

After months of research on dog breeds + breeders we decided on a Boston Terrier from "Nytestok".

Being a retired breeder of Show dogs myself I know what to look for in a dog breeder.

Amy is a wonderful Caring Person and her breeding program is exceptional. She goes above + beyond for her dogs + the families that they spend the rest of their lives with. We could not have asked for a better experience.

Our female Boston "Ziggy" brings us such joy every single day. She is funny and healthy, even our vet comments on the fact that she is probably the best bred Boston that she has seen in a very long time.

I would love one day to be able to have another Boston, I would without hesitation get my next Boston from "Nytestok".

We love being part of the "Nytestok" family.

Thank you again Amy for everything you continue to do.

Kindness Regards

Tracey, Kevin + Ziggy
