I have adopted two Boston Terriers from Nytestok, our first adoption was very professional. Myself and my family inquired about visiting Nytestok. Upon arrival we were greeted by Amy and a few of her puppies. The premises was immaculate, all the puppies and adult dogs were visably happy, healthy and well cared for.

We recently made the decision to adopt another Boston Terrier. This encounter and adoption was just as pleasant and professional as the first.

I highly recommend Nytestok if you are considering adopting. Amy is extremely knowledgable, professional and happy to answer any questions; as well as does an exceptional job at matching you with the perfect pup for your family.
